

SMART WALLS · THE TV RECESS

Everything connected. *Nothing on show.*

The recess behind your TV becomes the control panel for the wall and the whole house.

- 1 Better connectivity**
Router and streaming device right where they are needed.
- 2 No more clutter**
No messy devices sitting in a corner of the room.
- 3 All devices in one place**
Router, streaming, CCTV module and smart hub together.
- 4 Neat and tidy**
Built-in sockets, HDMI, amplifiers and CAT 7 if required.
